

Help Us Build a Home for Your Local Hero

About Homes for Our Troops

Homes for Our Troops is a non-profit organization that assists severely injured veterans by building specially adapted, handicap-accessible homes designed to accommodate the veteran's disabilities. We provide the home at no cost to the veteran, thanks to donations from people like you.

Make a Tax-Deductible Donation!

When you make a donation to Homes for Our Troops, you are enabling us to help more severely wounded veterans and their families. Without your help, our American Heroes will have a much harder time trying to transition back into the life they face with their new disabilities and injuries. We can help them get on the road to recovery faster by taking the burden and worry of making their home handicap accessible to suit their needs.

Other ways you can help

- Donate Professional Services
- Donate Material, Supplies, or Land
- Hold A Fundraiser
- Apply for a Key Volunteer Position
- Join the Street Team

SGT Mike Minard • Union Beach, NJ

Army SGT Michael Minard, 26, of Grand Junction, Colo., was on his third tour in Iraq when tragedy struck. "1 October we were out on a recon just a couple clicks north of Sadr City in Baghdad and on the way we got hit by a [roadside bomb]," he said. "It tore through our Stryker and stripped my legs apart."

Sgt. Minard lost both of his legs in the explosion.
